

### TRUE GOLD

With notes of cocoa, flowers and citrus, this light and fruity, high fat, natural (non-alkalized) cocoa powder creates a balanced chocolate flavor. It is best used in cookies, desserts, sauces, confectionery, cakes and breads.

### TRUE DARK

This rich and powerful cocoa powder is a rare combination of dark colour in a natural (non-alkalized) cocoa powder. With notes of nuts and fruits, this intense cocoa powder is perfect in cookies, cakes and breads, confectionery and ice cream.

### TERRA ROSSA

With notes of cocoa, nuts, caramel and cream, this smooth, high fat, dutched (alkalized) cocoa powder creates velvety textured cocoa classics. It is best used in cookies, cakes and breads, ice creams, confectionery, desserts, and beverages.

### RICH TERRACOTTA

A dark and rich, high fat, dutched (alkalized) cocoa powder for intense chocolate treats. With notes of chocolate, nuts, caramel and cream, this cocoa powder is ideal for cookies, cakes and breads, ice creams, desserts, confectionery and beverages.

### CRIMSON RED

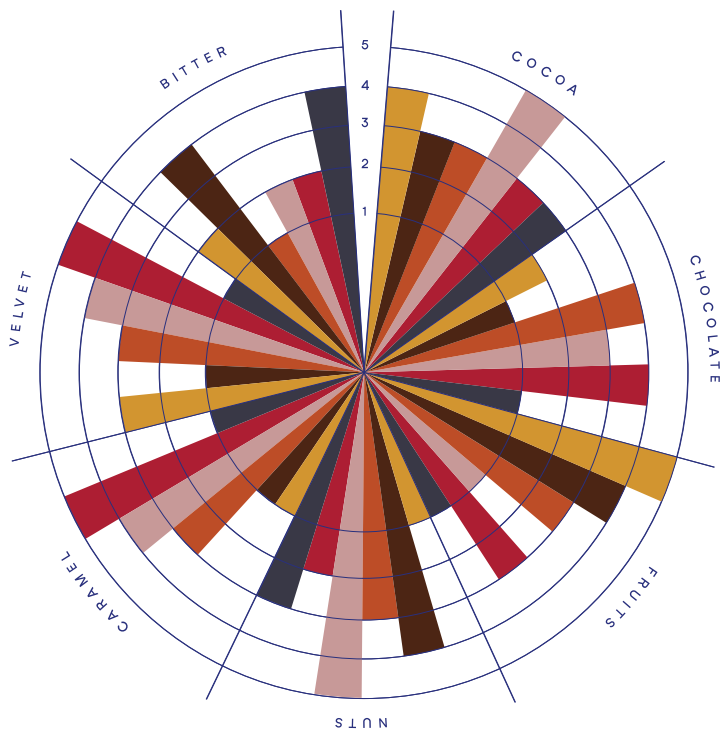

A vibrant and versatile, high fat, dutched (alkalized) cocoa powder for distinctively colorful creations. This cocoa powder boasts a chocolate and caramel flavor and a creamy and buttery texture, making it ideal for cakes and breads, sauces, ice cream, desserts, confectionery and beverages.

### CARBON BLACK

With a nutty flavor and salty notes, this bitter, intense, dutched (alkalized) cocoa powder is for lovers of dark chocolate. It is best used in cookies, snacks and sauces.
